„Welche Sesotec Produkt- und Applikationsschulung ist die passende für mich?“ - Um bestmögliche Weiterbildung zu ermöglichen sind die Sesotec Schulungsinhalte modularisiert aufgebaut: Dies ermöglicht einerseits ein Angebot an standardisierten Schulungen mit vordefinierten Schulungsinhalten, andererseits aber auch die Möglichkeit, individuelle Schulungen mit Hilfe einer Checkliste zu konfigurieren.

“Which Sesotec product and application training is adequate for me?” - To provide best training opportunities Sesotec trainings are based on a modular concept: Therefore standardized trainings with pre-defined training contents can be offered as well as individual trainings which can be configured by using a checklist.

Der Einstieg: Im **Basic Product and Application Training**, der Grundlagenschulung, werden die Teilnehmer mit den Grundlagen der verschiedenen, bei Sesotec verwendeten, Technologien vertraut gemacht und ein genereller Überblick über das Produktspektrum (und die Applikationen) der jeweiligen Business Unit gegeben.

The **Basic product and application training** provides knowledge about the various technologies used in Sesotec as well as a general overview of the product range (and applications) of the respective business unit.

Aufbauend auf das Grundlagenwissen bietet das weiterführende **Advanced Product and Application Training** Guidelines an, mit deren Hilfe sich beispielsweise Optionen einfacher auswählen lassen, Geräte in Betrieb nehmen lassen, Zudem beschäftigt sich diese Schulung mit dem Thema Wettbewerbsvergleich.

Based on basic knowledge, the **Advanced product and application training** offers guidelines, which e.g. help to select options for Sesotec devices or their set-up. In addition, this course deals with competitive comparison.

In einem **Individual Product and Application Training** können die verschiedenen Schulungsmodulen von Basic und Advanced Product and Application Training beliebig kombiniert werden. Kontaktieren sie Sesotec und fordern sie ihre Checkliste an, welche sowohl einen strukturierten Überblick über alle verfügbaren Module bietet als auch als Kontaktformular für die erste Abklärung der Schulung dient.

Kurze, individuelle Schulungen können nach Rücksprache auch als **Webinar** angeboten werden.

An **Individual product and application training** offers the possibility to combine the training modules of Basic and advanced product and application training as required. Contact Sesotec and demand for the checklist which will offer you a structured overview of all available modules and works as well as a contact form.

Short, individual trainings can be offered as **webinar** if requested.

Metalldetektion: Bedien- & Serviceschulungen

*Metal detection:
User & Service Training*

Sesotec

The word "Sesotec" is written vertically in large, bold, black letters.

Zwei aufeinander aufbauende sowie ein spezifisches Level an Sesotec Bedien- und Serviceschulungen bieten Ihnen die Möglichkeit der **bestmöglichen Weiterbildung**:

*Two levels based on each other as well as one specific level of operator- and service training at Sesotec offer **best training opportunities** for you:*

Bei unserer **Basisschulung** im Servicebereich erwerben Sie fundierte Kenntnisse der Metalldetektion im Allgemeinen, speziell thematisiert auf die Sesotec Technologie.

Sie erlernen und erproben grundlegende Kernkompetenzen an unseren Geräten.

In our **Basic training** for service topics you acquire profound knowledge about metal detection in general as well as specified on Sesotec technology.

We teach you core capabilities handling our units and you get the chance of trying yourself.

Basierend auf dem Grundlagenwissen bietet das **Advanced Training** weiterführendes und vertieftes Wissen im elektro-mechanischen Handling unserer Technologien.

Darüber hinaus lernen Sie die nötigen Features der täglichen Service-Praxis kennen.

*Based on the basic training, the **Advanced Training** offers profound and more detailed electro-mechanical knowledge and handling of our technology.*

Furthermore, you learn about required features of the daily service routine.

Eine Schulung gänzlich auf Ihre Bedürfnisse und Ihr Unternehmen zugeschnitten?

Bei dieser Schulung können Sie sich – oder wir für Sie – ein **individuelles Trainingsprogramm** aus allen verfügbaren Schulungsinhalten sowie exklusiven Sonderthemen zusammenstellen.

Service Training 100% customized to your needs?

Create your own service training by choosing from the whole range of training topics as well as specific topics offered exclusively for **individual training**.

If you'd like, we support you with our individual training suggestions.

Röntgentechnology: Bedien- & Serviceschulungen

X-Ray technology:
User & Service Training

Produktinspektion mit Röntgentechnologie ist ein unverzichtbares Element verantwortungsbewusster Lebensmittel-Produktion geworden. Unsere Raycon-Inspektionssysteme ermöglichen neben einer präzisen Detektion diverser metallischer und nicht-metallischer Fremdkörper (selbst bei metallischer Verpackung) sogar die Erkennung von Produktdefekten.

Nutzen Sie den Technologievorsprung der Röntgentechnologie:

Machen Sie sich fit bei unserem Raycon Training!

Buchen Sie komplette Module oder stellen Sie sich Ihr persönliches Trainingsprogramm zusammen. Und wenn Sie wollen, übernehmen wir das für Sie und lassen Ihnen unsere unverbindlichen Vorschläge zukommen.

Product inspection has become an indispensable element of responsible food production. Our Raycon series is a product inspection system which allows accurate detection of various foreign objects (metal and nonmetal) even in metallic packaging and also enables identification of product defects.

Benefit from the lead of X-Ray technology:

Get yourself in shape in our Raycon Service Training!

Book complete training modules or create your own service training. Or - if you'd like – let us deal with it and we send you our training suggestions.

Bitte beachten Sie, dass bei allen in diesem Schulungsprogramm angebotenen Schulungen eine Mindestteilnehmerzahl erreicht werden muss, damit die Schulung stattfindet. Bei zu geringen Anmeldungen behält sich Sesotec vor, die Schulung bis spätestens 2 Wochen vor Beginn abzusagen oder einen neuen Termin zu bestimmen.

Kosten für Durchführungen von individuell vereinbarten Schulungen werden nach der Durchführung in Rechnung gestellt.

Um einen optimalen Schulungserfolg gewährleisten zu können, behalten wir uns vor, die Teilnehmerzahl zu begrenzen.

Die Schulungsplätze werden dabei nach dem First-in-first-served-Prinzip vergeben.

Wurde eine Schulung für Sie reserviert, erhalten Sie innerhalb einer Woche Ihre Reservierungsbestätigung.

■ Rücktritt

Ein Rücktritt ist nur in begründeten Fällen bis 2 Wochen vor Schulungsbeginn möglich.

Kurzfristige Abmeldungen ohne Nennung eines Ersatzteilnehmers werden mit einer Stornogebühr von EUR 105,00 zzgl. MwSt. berechnet.

■ Änderung des Leistungsumfangs

Inhalt und Ablauf des Seminarprogramms ebenso wie der Einsatz der Trainer können unter Wahrung des Gesamtcharakters des Seminars geändert werden.

Sesotec behält sich vor, Seminare abzusagen oder Ersatztermine anzubieten. Bei Ausfall des Seminars durch Krankheit des Trainers, höhere Gewalt oder sonstige unvorhersehbare Ereignisse besteht kein Anspruch auf Durchführung des Seminars.

■ Registration

Please send your training registrations in written form to our trainers:

Please note that there is a minimum number of people required for all trainings offered in that training program; If there are too few participants Sesotec retains the right to cancel training sessions or to offer a new date for the same up to two weeks before start.

Individual trainings will be charged after execution.

To guarantee ideal training conditions the maximum number of participants for a training is limited.

Places will be reserved according to first-in-first-served method.

You will receive a reservation confirmation within one week if a place is reserved for you.

■ Cancellation

Under certain circumstances, a participation may be cancelled up to 2 weeks prior to beginning of the training.

For cancellations with short notice (without naming a replacement participant), a cancellation fee of EUR 105,00 plus VAT will be charged.

■ Changing the Services Provided

We serve the right to change the content and schedule of the seminar curriculum and the trainer or instructor while preserving the overall nature of the seminar.

We reserve the right to cancel the seminar or offer an alternative date if there are not enough participants. If we cancel the seminar because the trainer becomes ill, or due to force majeure or other adventitious events, the registrants are not legally entitled to insist that the seminar becomes conducted.
